

the four endeavorers to pass the leader, Eastwood, the half stake was reached in 1:12.

The race to the three-quarters was the one of your life, as the post was passed, Harry T. was fourth and Lydia Allen and E. W. S. were neck and neck for the place, following closely the flying favorite.

As they swung into the stretch every horse had drawn even with the leader, and they made a pretty horse race as they showed five abreast. The gray gal spilt the symmetrical line by going to pieces in a break.

E. W. S. left his companions and set the pace from the distance flag.

Reeling tried hard to lead Eastwood under the wire, but was obliged to be content with the runner's dust.

Harry T. spilt his best and filled the third hole.

Lydia was fourth and Nigger Boy fifth. The time was 1:20.

The field was the favorite for this heat, selling for \$30 against \$25 for Eastwood.

E. W. S. paid \$4.50 on \$5 tickets in the mutual.

After scoring twice, E. W. S. had the best of it, when the wire was left.

As they made the turn, Eastwood and Harry T. both broke badly, the latter coming to a dead stop before he struck his gait.

The quarter was passed in 37.75, Lydia Allen and E. W. S. were neck and neck for first place, Nigger Boy third, Eastwood fourth and Harry T. fifth.

As they passed the back side, Nigger Boy was being severely punished, and came up none.

At the half (1:14) E. W. S. had won the lead from Lydia Allen, who was battling hard for the place with the silver, Eastwood broke again and Harry T. passed him.

At the three-quarters, which was passed in 1:51 by the chestnut stallion, Nigger Boy passed Lydia, and began overtaking E. W. S. In the head of the stretch the three leaders were bunched, E. W. S. was still leading and looked like a winner.

The distance flag was passed with Nigger Boy a neck behind the leader and Lydia Allen third.

It was a body's race fifty feet from the wire.

Every whip was in constant action. Nigger Boy rushed past E. W. S. just in time, and passed the wire a nose in front of him, in 2:07. Lydia Allen was third, Eastwood fourth and Harry T. trailing the trail.

In the pools the field sold for \$25 against \$30 for Eastwood.

The mutuals paid \$7.50 on Nigger Boy, Nigger Boy had the pole as the horses turned for the

SIXTH HEAT.

They scored six times, and when "Go" was given Eastwood was a neck ahead of the field.

Allen was second and Nigger Boy third. Harry T. was fourth and E. W. S. fifth.

In the turn the gray gal broke badly and the chestnut stallion passed him.

Just as the quarter was in sight Eastwood made one of his regulation breaks and went to fourth place. E. W. S. spurted up rapidly on the leader and just as Nigger Boy was second, Lydia Allen third and Eastwood and Harry T. in the rear.

At the half (1:15) Eastwood took third place from Lydia Allen, who was thought to be the favorite, and Nigger Boy fourth.

Just as he became really dangerous he broke again and went to the last place. Nigger Boy was second and coming fast at the three-quarters, which was passed in 1:52. E. W. S. still leading.

In the stretch they were all closely bunched except Eastwood.

They were coming slow but as fast as they could.

The gray took the pole but soon yielded to E. W. S., who led to the distance flag. Here Nigger Boy came up and passed the leader, he reached the wire a winner by a length in 2:08.

In the pools the field sold for \$25 against \$30 for Nigger Boy.

The mutuals paid \$15.45 on Nigger Boy's tickets. It was very near 7 o'clock when the horses turned at the pole for the

SEVENTH AND LAST HEAT.

After scoring four times they got away fairly well. Nigger Boy was setting the pace. Eastwood broke on the turn and led to fourth place. Just as the clock gelling looked like any winner he surprised everybody by breaking badly.

E. W. S. passed him and was the first to reach the quarter (37.75). Lydia Allen was third, Eastwood fourth and Harry T. fifth.

On the back side Nigger Boy began drawing up rapidly on the leader and just as he was about to pass him, broke again, he soon caught his place again, however, and at the half was still second. E. W. S. passed the state line.

At the three-quarters Cacho valley's black wonder was only a neck behind the chestnut gelding. The post was reached in 1:54. In the stretch Eastwood, who had come up, broke again, and went to fifth place.

Nigger Boy, E. W. S. and Lydia Allen were all in the lead when they reached the flag the mare dropped out, and the first two were left to fight for first place. Just as the wire was reached, the driver of Nigger Boy, by a sudden effort, pushed him a nose ahead of the stallion. Lydia Allen was third, a neck behind E. W. S., Harry T. fourth and Eastwood fifth.

In the pools Nigger Boy was the favorite, selling for \$25 against \$30 for the field. The mutuals paid \$8.75 on him.

THE RUNNING RACE.

At 5:45 o'clock, between the fifth and sixth heats of the racing meet, the readers took the half mile post. After a delay of twenty-five minutes the flag dropped. The Jew had a neck the best of it. Silkey, Barton H. and Sam Jones, the other three entries, were well punished.

The Jew was still leading, Barton H. second, Silkey third, and Sam Jones, irretrievably lost in the fourth place. At the head of the stretch, Silkey showed in beautiful form, and in a brilliant spurt, passed Barton H. The Jew, however, was too fast for the crowd, and he came under the wire without any effort, winner of the \$200 purse in 49.75. Silkey was second, Barton H. third, and Sam Jones, with Jacky Jones up, bringing up the rear of the caravan. The Jew was the favorite in the pool selling for \$40 against \$30 on the field. Outing.

Fast track.

Derby day Tuesday.

Darley was outstaged.

The talent were dumped.

Every day is Ladies' day.

There were no good bets.

Harry T. is a gray gelding.

The mayor was in the stand.

The street cars were all right.

Seller water was in great demand.

Orange was the winning color in two races.

Kelling is a cool driver. He owns Ottinger.

The way the wisecracks left the track

would make a young crocodile weep out of sympathy.

Outing is a 1-year-old and went along the track in 2:22.

The track was sprinkled in the morning, and the dust laid for the afternoon.

The ladies will take the Grandstand. Nothing is found in dress on Derby day.

Outing, by making his record of 2:23, threw himself out of the three-minute class.

Mrs. McLaughlin, wife of the Liberal, and the Grandstand, was among the fair spectators.

Judge Haskin said that it was the greatest racing he ever saw in Utah or anywhere else.

His Holmes was among the crowd, but did not monkey with the boxes; he said, "I'm no guesser."

Grant Brothers' tally-ho was well filled with mads and matrons—particularly young mads.

Hardy, the crowd collector, was seen, shaking under the mutuels, and picked the winner once or twice.

The scheme to close the stores on Tuesday is meeting with general approval, and will not doubt be successful.

Charley Stanton—our Charley—was trying to solve the pool boxes yesterday, and it is said succeeded admirably.

It has been a great week for dark horses, but the track and figures were. But just wait till the Grandstand.

It was remarked in the judges' stand that Mr. Keough gave undivided attention, during the intermission, to the fair people in the grand stand.

"Eastwood," said Sam Ewing, "will be a trotter in a year. He is big galloped and walked yesterday because he did not like the pacing gait. He should be hobbled down for a trotter."

A Nutwood, who said such a favorite, being a great advantage in staying qualities, but when it came to seven heats Nutwood blood was not in it with Lee blood.

Nigger Boy, winner of the seven heat pace, is owned by W. B. Richards. He is a grandson of L. C. Lee. The field covered him in the seven heat pace, but the other horse got in, but the Nigger had Jackson's staying qualities.

The fact that a horse coming from a low altitude as Outing did from Sacramento to Salt Lake, in 4 days, is a fine feat, and a thing to be proud of. It is a good climate for getting speed out of horses, and second, that the Salt Lake track is remarkably fast.

SECURE TICKETS ON THE RAYMOND TO THE RACES.

Grant Bros. will run their Raymond coach every day during the races, starting from the Kentucky and calling at all other hotels having passengers. Fifty cents round trip.

ALCOHOLISM

—BY THE—

Salt Lake Ensor Institute.

When alcohol is taken into the body it enters the blood from the stomach without digestion or chemical change and reaches every nerve, muscle and gland of the body.

The mischief that is done by alcohol in the production of drunkenness, is done by alcohol before it is oxidized and while it yet circulates through the system as alcohol.

All, of course, are acquainted with the signs and symptoms of drunkenness. The first object is stimulation of the so-called vital forces. The faculties of the mind become confused, then fall; consciousness is lost and the person is in that condition of "intoxication" so often seen to the disgrace of humanity.

The phenomenon of a drunken fit is caused by a change produced upon the nerve tissue by the alcohol coming in contact with the nerve tissue itself. The human system will admit of the oxidation of about six ounces of alcohol in twenty-four hours, or its equivalent of whisky, beer, wine or brandy.

The effect of alcohol when consumed by union with oxygen in the various organs of the body are the same, primarily, as when alcohol is burned in a lamp; heat is the result. When alcohol is burned in the nervous system, it produces heat, and this heat is changed to nerve force, whatever that nerve force may be, whether brain force, sensation or volition.

In this case alcohol is a food. It does not furnish the substance of tissue or build up the tissue of the body; it simply (when oxidized) furnishes heat, which heat is correlated with or changed into vital force. This explanation of the physiological effects of alcohol accounts for all the consequences that alcohol produces, whether used or abused (and unfortunately too often abused). In large quantities it is a poison, in small quantities it is a medicine, both as a food and as a stimulant, both in its effects as alcohol and when it is consumed.

That this estimate of drunkenness is the true one scientifically, is verified by its analogy with other diseases.

The question being proven that drunkenness has a physical basis in a diseased condition of the nervous system, it follows that medical treatment becomes necessary to cure the patient and restore him to health as in any other disease of the body. This the Salt Lake Ensor Institute guarantees to do, or pay, if all instructions and rules of the institute governing the patient is fully complied with.

The Institute has hundreds of sworn statements concerning the efficacy of their treatment which is guaranteed to be perfectly harmless.

We treat the morphia and opium habits as well and in the cure of which we have never been known to fail.

All communications and interviews concerning the treatment strictly confidential. Address all letters of inquiry to
